Credit for interest differential in certain J.P. Morgan account(s)

Documentation applicable to certain J.P. Morgan accounts did not properly disclose the day count basis for calculating interest. The disclosure stated that interest was being computed on a 365-day basis, with no distinction being made for leap years, when it was actually being computed on a 366-day basis during leap years.

- Going forward, interest will be computed on a 365-day basis, with adjustments made for leap years, when it will be computed on a 366-day basis. The applicable disclosure has been updated to reflect this.

- We have credited the account(s) with the difference in interest between the disclosed and the applied day count basis calculation, plus interest on that amount. If one or more of the account(s) were closed trust account(s), we applied the credit to an alternate open account if one was available. The credit appeared on your May or June statement under the description "Interest Reimbursement for Leap Year Calculation on Cash Deposit."

Important Information about Pricing, Valuations, Estimated Annual Income and Estimated Yield

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for your exclusive use.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset. Values for oil, gas and mineral interests are calculated annually as three (3) times the net income received into the account from producing interests during the twelve (12) months preceding the value date. Non-producing interests are reflected at a nominal value. These values do not reflect the fair market value of the interests as they do not consider, including but not limited to, reserves, well depth, drilling activity, location or commodity prices.

The values in this statement are shown in USD. If your investment currency is not USD, please be aware that the value of your return could differ positively or negatively due to exchange fluctuations from the value shown in this statement.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for informational purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid; the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

CERTAIN DEFINED TERMS THAT MAY APPEAR IN YOUR STATEMENT

EAI: Estimated Annual Income. Actual income could be lower or higher than the estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EAI would be overstated.

EY: Estimated Yield. EY reflects only the estimated yield generated by an investment and does not reflect changes in its price, which may fluctuate. Actual yield could be lower or higher than the

estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EY would be overstated.

Unpriced: If we are unable to obtain a current market value from an internal or external source for a particular security, the price column on your statement will indicate "unpriced." Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

Please see below for additional defined terms related to assets not held at J.P. Morgan.

Offshore Deposits

Deposits of non-U.S. dollar funds will be held in accounts at JPMorgan Chase Bank, N.A. ("JPMCB") outside of the United States. Under federal law, deposits that are maintained outside of the United States, including in any JPMCB branch located outside of the United States, are not insured by Federal Deposit Insurance Corporation (FDIC) or any other agency of the U.S. Federal Government; are subject to cross-border risks; and enjoy a lesser preference, as compared to deposits held in the United States, in the event JPMCB should be liquidated, become insolvent or be placed into receivership or be subject to other proceedings for the benefit of creditors. Certain of these Foreign Accounts may be considered reportable to the Financial Crimes Enforcement Network (FinCEN) on Report of Foreign Bank and Financial Accounts (FinCEN Form 114).

JPMCB's London Branch is a participant in the UK Financial Services Compensation Scheme (the "FSCS"), and the following terms apply to the extent any of your cash deposits are held at the London Branch. The terms of the FSCS offer protection in connection with deposits to certain types of claimants in the event that they suffer a financial loss as a direct consequence of the London Branch being unable to meet any of its obligations and, subject to the FSCS rules regarding eligible deposits, you may have a right to claim compensation from the FSCS. Subject to the FSCS rules, the maximum compensation payable by the FSCS in relation to eligible deposits is as set out in the relevant information sheet, which is available online as referenced below. For the purposes of establishing such maximum compensation, all your eligible deposits at the London Branch are aggregated and the total is subject to such maximum compensation. For further information about the compensation provided by the FSCS, refer to the FSCS website at www.FSCS.org.uk. Further information is also available online at <http://www.jpmorgan.com/pages/deposit-guarantee-scheme-directive>.

SIPC provides \$500,000 of primary net equity protection, including \$250,000 for claims for cash ("SIPC Coverage"). IMPORTANT NOTICE REGARDING CALLABLE SECURITIES

To the extent J.P. Morgan Securities LLC (JPMS LLC) holds on behalf of any introduced customer account securities which, by their terms, may be called or redeemed prior to maturity ("callable securities") and a partial call or redemption involving such securities occurs, the following procedures will be followed: JPMS LLC will generally administer the partial call or redemption via an impartial lottery system by which it will allocate among its introduced customers the securities to be selected as called or redeemed. In the event the call or redemption is deemed to be on terms favorable to the applicable holder as determined by JPMS LLC, JPMS LLC shall not allocate the securities to any account in which it or its associated persons (or the associated persons of its introducing brokers, to the extent those accounts have been identified to JPMS LLC by the introducing broker, generally, "associated persons") have an interest until all other customers' positions in such securities have been satisfied. In the event the call or redemption is deemed to be on terms unfavorable to the applicable holder, as determined by JPMS LLC, the accounts of customers and associated persons will participate in the impartial lottery on equal terms. See https://www.jpmorgan.com/country/US/EN/disclosures/callable_securities

This information supersedes any prior or inconsistent terms relating to callable securities in your account.

Money Market Sweep Fund

Funds that are to be invested in a Money Market Sweep Fund will be held in a single consolidated JPMorgan Chase Bank, N.A. account overnight and invested in the designated Money Market Sweep Fund on the morning of the next business day. In the event of a failure of JPMorgan Chase Bank, N.A. on the day that the balances are swept from the beneficial owner's account to the single consolidated JPMorgan Chase Bank, N.A. account, the balances will be considered deposits by the Federal Deposit Insurance Corporation (FDIC) and will be insured by the FDIC under its applicable insurance rules and limits. However, if JPMorgan Chase Bank, N.A. were to fail on the next business day, when the balances are invested in the Money Market Sweep Fund, the balance will not be considered deposits by the FDIC, and the beneficial owner's swept balances will be treated in one of two ways: (i) if the failed JPMorgan Chase Bank, N.A.'s assets were transferred to an acquiring institution, the swept balances will be available to be returned back into the client's account on the business day following the failure of JPMorgan Chase Bank, N.A.; or (ii) if the failed JPMorgan Chase Bank, N.A. will be dissolved, the client will receive a check or other payment from the FDIC for the value of the client's allotted interest in the Money Market Sweep Fund in accordance with FDIC's normal procedures.

For the Period 7/1/25 to 7/31/25

IMPORTANT ADDITIONAL INFORMATION APPLICABLE ONLY TO YOUR ASSET ACCOUNT(S) (LINKED TO JPMS)

Your Asset Account consists of a bank account that custodies assets.

You must promptly advise your J.P.Morgan team of material changes in your investment objectives or financial situation or if you wish to modify the management of your account. Unless you inform otherwise, your J.P.Morgan team will consider the information currently in its files to be complete and accurate.

MARGIN ACCOUNTS: IMPORTANT INFORMATION

All positions in your Margin Account Portfolio(s) are held in custody with JPMS. If you have any questions regarding custody of your positions, please contact your J.P. Morgan team.

If you have a margin account as permitted by law, we may use certain securities in such account for, among other things, settling short sales and lending the securities for short sales, and as a result may receive compensation in connection therewith.

Securities purchased on margin are the firm's collateral for the loan to you. If the securities in your account decline in value, so does the value of the collateral supporting your loan, and, as a result, the firm can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with the member, in order to maintain the required equity in the account. It is important that you fully understand the risks involved in trading securities on margin. These risks include the following:

- You can lose more funds than you deposit in the margin account.
- The firm can force the sale of securities or other assets in your account(s).
- The firm can sell your securities or other assets without contacting you.
- You are not entitled to choose which securities or other assets in your account(s) are liquidated or sold to meet a margin call.
- The firm can increase its "house" maintenance margin requirements at any time and is not required to provide you advance written notice.
- You are not entitled to an extension of time on a margin call.

Please keep the following in mind when using a statement to track your brokerage activity in a margin account: The statement combines your general margin account with the special memorandum account required by Section 220.6 Regulation T. As required by Regulation T, a permanent record of your separate account is available upon your request.

Free credit balances in your Margin Account(s) are not segregated and may be used in the operation of JPMS's business, subject to the limitations of SEC Rule 15c3-3. Unless otherwise noted, JPMS or its agents and depositories will hold your securities. Upon your demand, JPMS will pay to you the amount of your free credit balance, and will deliver to you fully paid securities held on your behalf.

Interest will be charged on any debit balance; the method of calculating interest is described in a letter sent to all margin customers.

J.P. MORGAN FUNDS OR THIRD PARTY FUNDS

Shares of the funds referenced above are not deposits or obligations of, or guaranteed or endorsed by, any bank and are not insured or guaranteed by the Federal Deposit Insurance Corporation, the Federal Reserve Board or any other government agency. Return and share price will fluctuate and redemption value may be more or less than original cost. The estimated annual income and dividend yield figures for mutual funds represent the funds' most recent income dividend annualized. You could lose money by investing mutual fund or a Money Market Fund. With respect to a Money Market Fund that qualifies as a "retail" or "government" money market fund under applicable money market fund regulations, although the Money Market Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. In the case of a Money Market Fund that does not qualify as a "retail" or "government" money market fund, because the share price of the Money Market Fund will fluctuate, when you sell your shares they may be worth more or less than what you originally paid for them. If a Money Market Fund does not qualify as a "government" money market fund the Money Market Fund may impose a fee upon sale of your shares or may temporarily suspend your ability to sell shares if the Money Market Fund's liquidity falls below required minimums because of market conditions or other factors. An investment in a Money Market Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. A Money Market Fund's sponsor has no legal obligation to provide financial support to the Money Market Fund, and you should not expect that the sponsor will provide financial support to the Money Market Fund at any time.

Additional information about J.P. Morgan Funds fees is available in the J.P. Morgan Funds Disclosure Statement and in prospectuses that you may obtain from JPMorgan Distribution Services, Inc., for the J.P. Morgan Funds by calling (800) 480-4111 (Mutual Funds), (844) 457-6383 (ETFs), or by visiting www.jpmorganfunds.com, and for the Six Circles Funds, by calling (212) 464-2070, or by visiting www.sixcirclesfunds.com. Additional information about third party fund fees is available in the Third Party Funds Disclosure Statement. Additional information, and a prospectus for any Registered Fund in your account, may be obtained by contacting your J.P. Morgan team.

IMPORTANT INFORMATION ABOUT MUTUAL FUNDS AND EXCHANGE-TRADED FUNDS REGISTERED UNDER THE INVESTMENT COMPANY ACT OF 1940, AS AMENDED ("REGISTERED FUNDS")

(i) **J.P. Morgan Funds - Management Fees** J.P. Morgan or its affiliates may be sponsors or managers of Registered Funds ("J.P. Morgan Funds") that are purchased for the Client's Portfolio. In such case, J.P. Morgan or its affiliates may receive a fee for managing the J.P. Morgan Funds. As such, J.P. Morgan and its affiliates will receive more total revenue when the Client's Portfolio is invested in J.P. Morgan Funds than when it is invested in third-party funds.

(ii) **J.P. Morgan Funds and Third Party Funds - Other Fees & Expenses** All Registered Funds have various internal fees and other expenses that are paid by managers or issuers of the Registered Funds or by the Registered Fund itself, but that ultimately are borne by the investor. J.P. Morgan may receive administrative, servicing and other fees for providing services to both J.P. Morgan Funds and third-party Registered Funds that are held in the Client's Portfolio. These payments may be made by sponsors of Registered Funds (including affiliates of J.P. Morgan) or by the Registered Funds themselves, and may be based on the value of the Registered Funds in the Client's Portfolio. Registered Funds or their sponsors may have other business relationships with J.P. Morgan outside of its portfolio management role or with the broker-dealer affiliates of J.P. Morgan, which may provide brokerage or other services that pay commissions, fees and other compensation.

(iii) **Six Circles Funds** The Six Circles Funds are Registered Funds specifically designed by J.P. Morgan for use in discretionary accounts as completion funds to align with J.P. Morgan's core portfolio views. A J.P. Morgan affiliate acts as investment advisor to the Six Circles Funds and engages third-party investment managers as sub-advisors to the Funds' investment portfolios. J.P. Morgan may experience certain benefits and efficiencies from investing account assets in the Six Circles Funds instead of unaffiliated investment vehicles; however, J.P. Morgan does not retain investment advisory fees for managing the Six Circles Funds through an agreement to waive any investment advisory fees that exceed the fees owed to the Six Circles Funds' third-party sub-advisors. The Six Circles Funds do not pay fees to J.P. Morgan for any other services to the Six Circles Funds. Services are provided by third-party service providers and are generally paid by the Six Circles Funds or J.P. Morgan. (Note that the market value of assets invested in the Six Circles Funds will be included in calculating the advisory fees paid on the overall Portfolio.)

Periodic reviews of mutual fund investments held in client accounts are undertaken to determine if you can access better pricing on your J.P. Morgan and third party mutual fund positions for which J.P. Morgan provides ongoing due diligence services. As a result of these reviews, we may identify share classes that have lower fees than those in which you are currently invested. Where such share classes are available, under the terms of your custody with Brokerage account(s), you have the option at any time to instruct us to convert your current positions into share classes with lower fees.

Please note: Depending on your tax residence and status, there may be tax implications associated with converting your position(s). As such, we recommend you discuss this matter with your independent professional tax adviser prior to taking any action.

Special Notice for DPP and REIT Securities: DPP or REIT securities are not listed on a national securities exchange, are generally illiquid and, even if a customer is able to sell the securities, the price received may be less than the per share estimated value provided in the account statement. Where "net investment" per share estimated value for a DPP or REIT security is presented, please note that part of your distribution includes a return of capital. Any distribution that represents a return of capital reduces the estimated per share value shown on your account statement.

For the Period 7/1/25 to 7/31/25

IMPORTANT INFORMATION ABOUT AUTOMATIC REINVESTMENT IN YOUR ACCOUNT(S)

Automatic Reinvestment transactions excluding those conducted by DTC or in open ended mutual funds are processed by J.P. Morgan Securities LLC on an agency basis.

J.P. Morgan provides you with the ability to enroll in a dividend reinvestment program to reinvest any and all dividend, capital gains and return of capital distributions (collectively for purposes of this section, "Distributions") for securities eligible for participation (for purposes of this section, "DRIP"). By participating in DRIP, all Distributions paid on eligible individual securities you have selected will automatically be reinvested into the shares of the same security. The important terms of DRIP include:

- Eligibility. Most equities, open end mutual funds, closed end funds and ETFs are eligible for participation in DRIP. Exclusions will be identified at the time you are enrolled.
- Voluntary Participation. Participation in DRIP is voluntary and you may modify or discontinue your participation at any time. You may enroll by specifying eligible securities for participation in DRIP; modify your elections; or unenroll from DRIP by contacting your J.P. Morgan team.
- Trade Execution. With the exception of open end mutual funds, reinvestment will occur through either J.P. Morgan, or, for certain eligible securities, the Depository Trust Company (DTC). For non-margin brokerage accounts, reinvestment made through J.P. Morgan or DTC will occur after the pay date of the Distribution, and in the case of J.P. Morgan be done through a series of transactions. Consequently, you should expect to receive these shares at a date later than the pay date for the Distribution. For margin accounts, reinvestment made through J.P. Morgan will occur on the pay date and reinvestment made through DTC after the pay date. There may be a difference in price depending on whether the DRIP trade is made through J.P. Morgan or DTC. DRIP trades made through DTC will post to your account when the shares are made available to J.P. Morgan by DTC and will be reflected on your statement. Irrespective of whether reinvestment is made through DTC or J.P. Morgan or in a non-margin brokerage or margin account, the number of shares you receive will be based on an average weighted price of the security and you must be enrolled in DRIP prior to the record date for the relevant security for reinvestment to be made in that security.
- No Fees. No commissions or fees are charged for DRIP trades.
- Shares Credited. For reinvestments made through J.P. Morgan or DTC, you should expect to receive the number of whole shares that could be purchased by dividing your Distribution by the average weighted price of the security and the remaining Distribution will be deposited in your account in cash. For open end mutual funds, participation in DRIP may give you interests in fractional shares of securities which will be credited to your account. In that case, you will receive dividend payments proportionate to your partial share holdings.
- Confirmation of Transactions. All DRIP trades will be reflected on monthly account statements. You will not receive separate immediate confirmations for DRIP trades. You may request the details of any DRIP trade by contacting J.P. Morgan. Transactions that are not part of DRIP will continue to receive confirmations contemporaneously with the trade.
- No Recommendation. The inclusion of any security in DRIP is not a recommendation by J.P. Morgan to buy, hold or sell such security. Participation in DRIP does not assure profits on your investments and does not protect against loss in declining markets.
- DRIP Changes. DRIP participants will be notified in advance if there are any material changes to DRIP though no notice will be given if there are changes to the eligibility of a particular security.
